HUNDREDS PERISH IN SINKING STEAMER

Steamer Larchmont Collides With a Schooner.

WAS ENROUTE TO NEW YORK

Captain Says that He Had on Board From 150 to 200 Passengers, When the Collision Occurred, and Only Eight of These Escaped.

Block Island, R. I., Feb. 13—Captain George McVey, of the steamer Larchmont, said to the Associated Press that he had on board from 150 to 200 passengers, when the collision occurred, and only eight of these escaped with their lives.

At the time he made the statement, fourteen bodies had been washed ashore, making only 22 out of the total passengers list accounted for.

At 11:30 o'clock four more bodies were washed ashore, making a total of eighteen bodies recovered, with eight survivors of the accident being cared for on the island.

Providence, R. I., Feb. 13.—A private message reached here from Block Island stated that 14 bodies had been washed ashore.

Block Island, R. I., Feb. 13.—The steamer Larchmont of the Joy line, with many passengers on board, bound from Providence for New York, sank off the west side of Block Island early Tuesday after having collided with the three-masted schooner Harry Knowleton, of Quonochontaug. The passengers and crew from the steamer took to the boats, but it is feared that some may have lost their lives either by being drowned or by freezing, as the temperature is below zero.

The schooner's bow was cut away and her captain ran her ashore west of Quononchontaug to prevent her sinking. The crew of seven men, including Captain Haley, reached the shore in safety in their boats.

The cause of the collision is not known. The night was clear, but there was a strong northwest wind, and the sea was running high. It was an intensely cold and bitter night.

When the first boats came ashore from the steamer it was found that some of their occupants were dead. In the first confusion it was not known whether they had been pulled from the water after having been drowned or whether they were frozen to death.

The Knowlton, which hails from Eastport, Me., was bound from Southhambry for Boston, with 475 tons of coal.

The Larchmont left Providence at 6:30 Monday night for New York, in command of Captain McVey, of Providence. She carried a crew of about 50 and had on board some passengers and a miscellaneous cargo of freight.

The Larchmont registered 896 tons net, 1,650 gross. She was built at Bath, Me., in 1885.

Boston, Feb. 13.—Eighteen persons are known to have purchased tickets in this city to take passage to New York on the Larchmont. The names of only two of these passengers are on record at the office of the Joy line here.

Block Island, Feb. 13.—Captain Charles Mitchell, of the north end life saving station off which point the Larchmont is sunk, estimates that between 15 and 20 bodies already have come ashore from the steamer.

Up to 10:30 o'clock several boats had landed and others were making slow progress from the wreck toward shore.

Providence, R. I., Feb. 13.—The principal Joy line office in this city at 10 o'clock Tuesday was without definite information concerning the sinking of the steamer Larchmont. The officials stated that their only knowledge of the disaster was a telegram by Captain McVey to his [illegible] he was safe. A [illegible] Block Island stated that 14 bodies have been washed ashore.

The Joy line officials estimate that there was about 150 passengers on board and the crew numbered about thirty.

Situation Especially Interesting.

London, Feb. 13.—That the members of the house of commons regard the present situation as being especially interesting was evidenced by the keenness shown to secure good seats for the opening of parliament Tuesday. On the stroke of midnight the competition began and there after a steady stream of members visited the house of commons and placed their cards in the places they had selected. Later in the morning the customary search of the vaults of the houses of parliament was carried out by the yeomen of the guard from the tower of London, without the discovery of anything pointing to a repetition of the gunpowder plot. Large crowds gathered within the precincts of the parliament to witness the arrival of the distinguished personages.

Chicago, Feb. 13.—The Rev. Anna Shaw, president of the American Woman Suffrage association, which will hold its annual convention in Chicago, this week, declared Monday that the suffrage cause had made less progress in America during the last few years than in any other enlightened country. "Even in Syria," she said, "at the foot of Mount Ararat, the people are awakening to the importance of the woman's suffrage movement. All over the world this has been one of the most promising years but curiously enough the least progress has been made here in America." The convention will open on Thursday and remain in session for five days.

ALIENIST EVANS TESTIFIES.

States that Thaw Suffered from Forms of Insanity.

New York, Feb. 13.—The fact that Tuesday was Lincoln's birthday and consequently a legal holiday in this state, had no effect on the Thaw trial, which went ahead at the usual hour. This Justice Fitzgerald ordered last week, owing to the hardship on the jury which is to remain locked up until the end of the trial.

When Thaw was walking to his place at counsel table, as he was removing his ulster coat and for some moments after taking his seat he kept his eyes on District Attorney Jerome and ignored his own counsel for the time being. Mr. Jerome was busy with his papers and did not see Thaw's unusual action.

The first witness called by Mr. Delmas was Dr. Britton D. Evans.

Dr. Evans said that he noticed on his visit to the Tombs that Thaw suffered from forms of insanity characterized by "an exaggerated ego," including adolescent insanity, the latter due to heredity.

Dr. Evans said Thaw also exhibited symptoms of having recently undergone an explosive or fulminating condition of mental unsoundness.

Voliva's Dream Abandoned.

Seattle, Wash., Feb. 13—Overseer Voliva's dream of establishing a new Zion City in the northwest has been abandoned with the announcement that he has given up a trip here and along the Pacific coast planned for next month. Rev. August Ernst, elder of the local Zionite organization, says the plans have been changed because of the recoil in Portland, Seattle, Tacoma and Vancouver against the rule of Voliva. "We believed in the teachings of Dr. Dowie, but we do not believe in the one man rule, which he instituted and which Voliva is following," said Dr. Ernst.

SECRETARY TAFT FAVORS CONTRACT

He Explains Plan to a House Committee.

BETTER FOR THE GOVERNMENT

Because It Permits United States to to Avail Itself of Services of Labor Controlled by Contractors—Percentage Will Only Be Paid on Labor.

Washington, Feb. 13.—Secretary Taft, Chairman Shonts, of the Isthmian canal commission, and R. B. Rogers, general counsel for the commission, appeared before the house committee on interstate and foreign commerce to explain the proposed canal contract and the plan to merge the Panama railway company's management with the canal commission.

Mr. Rogers explained that the chief purpose of the contract is to permit the government to avail itself of the practical experience and efficient labor organization of an association of contractors. The percentage to be paid the contractors is to be only on cost of labor, and not in supplies and equipment, which are to be supplied by the government.

In response to inquiries from members of the committee, Mr. Rogers and Secretary Taft stated that the eight-hour law would apply on the isthmus under the proposed contract.

When Mr. Rogers was asked what the total amount probably would be, on which the contractor would receive percentages, he said he had not made any estimate, and that as far as he knew, no careful estimate had been made by any contractor.

Secretary Taft made a statement about the Panama railway, in which he explained that it is controlled exclusively by the government. The directors are named with the understanding that they shall vote as the government desires, and Mr. Taft said any director would be removed at once for failure to vote as instructed. He said he desired to be heard at length before any steps are taken to change the administration of the railway's affairs.

Secretary Taft stated positively that he was in favor of the proposed contract as it now stands. He said he believed that with the highest class of contractors in charge, the work can be done more rapidly under a contract than by the government.

Secretary Taft said the chief reason for running the Panama railway as it is run at present is the convenience of administration. He said the railway's affairs would be confused in case it were put directly under charge of the government.

YESTERDAY'S WORK AT THE TABERNACLE

Congregation Deeply Interested in Addresses of the Preachers.

PROFESSOR MILLER'S LECTURE

He is a Well-Versed and Eloquent Bible Scholar From North Carolina, and Addressed the Conference For the First Time in the Evening.

While the attendance at the services of the National Winter Bible Conference is fairly good, it is not so large as was anticipated, or should be. This is probably due to the fact that the Conference has just begun, and many who expect to be present have not yet arrived. It is a noticeable fact that the audience becomes larger with each day.

The day's services were begun at 11 o'clock Wednesday morning by another sermon on "The Epistle to the Romans in Relation to Modern Thought," by Dr. David V. Gwilym, who proposes to follow this theme during his engagement here. He delivered an address on the same subject at Holy Trinity Episcopal Church Wednesday afternoon.

At 3 o'clock in the afternoon, at the Tabernacle, Prof. J. R. C. Brown continued his lecture and work in Bible study, which were very instructive. Prof. Brown is one of the most thoroughly posted Bible scholars the South has ever produced.

In the evening, at 7:30 o'clock, there was a good congregation. After a half-hour song service by the choir, Prof. R. V. Miller, a wonderful Bible scholar of North Carolina, delivered a fine sermon which was highly appreciated.

Services will be held today at 11 a. m. and 3 and 7:30 p. m. At the night service Dr. Gwilym will deliver his sermon, "A Visit to Samaria," which will prove of deep interest. Many of our people who have not had an opportunity to attend the day services, in which Dr. Gwilym has participated, will take advantage of the chance to hear him tonight.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

DEATH OF MR. GOSS.

A Well Known Citizen of Palmer Passed Away in Chicago Monday.

Information was received in this city yesterday of the death of O. S. Goss, father of Mrs. Geo. L Taylor of Palmer, which occurred at the home of his son in Chicago last Monday night. Mrs. Taylor was also present at the time of his death, having been summoned to Chicago by wire.

Deceased was about eighty-five years of age, and had been a resident of Palmer for the past thirty years. He went to Chicago for a visit to his son several months ago. He came from Chicago to Florida, and enjoyed the distinction of being among the first merchants in that city, where he was very successful.

Deceased was a member of the Methodist Church, and for a long time, until his advanced age prevented, was quite active in church affairs.

Mr. Goss is survived by three daughters, Mrs. Taylor, Mrs. J. B. Arry of St. Paul, Minn., and Miss Jessie Goss of St. Paul, and one son, Paul Goss, of Chicago.

No announcement as to funeral arrangements were received, but the interment will be in Chicago.

Death of Mr. J. W. Jones

Mr. J. W. Jones of Rochelle, for the past eleven years one of the valued employes of the roadway department of the Atlantic Coast Line, died in Waycross, Ga., Saturday, after a brief illness. The remains were brought to Rochelle on Sunday, and Monday were shipped to the old home of the deceased in North Carolina for interment, accompanied by A. J. Jones, a brother of the deceased. Deceased was also a brother of L. R. Jones of Rochelle, to whom he was very much devoted. The Sun, with other friends, extends sympathy to the relatives in this hour of trouble.

Funeral of Mrs. Neal.

The remains of Mrs. E. F Neal, the sad death of whom occurred at Chattahoochee Monday, arrived in the city Tuesday afternoon and were taken to Micanopy, where the interment was held, Rev. Mr. Humphrey, the Presbyterian minister of McIntosh, officiating.

Friends of Mr. Neal and family sympathize with them in their affliction.

A SERIOUS LOSS.

Mrs. Lorrine Love Lost Everything by Burning of Her Home.

As announced in Wednesday's Sun, Mrs. Lorrine Love of Trenton, widow of the late Thos. J. Love, and a sister of P. M., W. W. and B. R. Colson of this city, had the misfortune Tuesday to lose her home, smoke-house and all contents of both buildings, by fire, which left the unfortunate lady practically homeless and without provisions.

As soon as the information reached this city W. W. Colson left for Trenton to look after the wants and comforts of Mrs. Love. A subscription list was circulated in Gainesville by W. G. Richardson and G. R. Ellis, and about $100 was raised in this manner for her relief.

Mrs. Love has indeed been a creature of misfortune. She recently lost her husband and one son, and the loss of her home and belongings by fire came as a great blow to her. Friends of the lady throughout the county deeply sympathize with her in these misfortunes. There is an adage that trouble never comes singly, and in this event the adage is forcibly demonstrated.

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

The City Council.

The City Council have been in session for the past two nights in an endeavor to pass the East Main street paving ordinance, but the amendments have been so numerous that the instrument has not yet been made a law, it having passed only its second reading. The Council will meet again Friday night, when it is anticipated that the bill will be approved upon its third and final reading.

One section of the much-taked-of "peace and morals" ordinance was read, and a vote taken upon the same as a test vote—a "feeler." The vote stood three for and two against the ordinance.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all druggists'. Price only 50c.

Card of Thanks.

Mr. and Mrs. L. R. Jones of Rochelle desire to express their sincerest thanks to friends who so kindly assisted them in every way possible upon the death of their dear brother, J. W. Jones, and pray God's richest blessings upon them all.

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at all druggists'. 25c.

FIRST ANNUAL BALL WAS GRAND SUCCESS

Fraternity Boys Did Themselves Proud Upon Their First Effort.

THE DECORATIONS WERE FINE

Program Consisted of Grand March, Led by Prominent Young People, Followed by Twenty-Six Regular and Two Extra Numbers.

The Florida Alpha Omega Chapter of the Alpha Tau Omega Fraternity gave a grand ball to their alumni and other friends at Edwards' Opera House Tuesday night. The dance was an unqualified success in every way, everything going off beautifully and evenly.

The grand march was led by Mr. J. A. Forsythe, Jr., and Miss Alice Thomas, Mr James Chesnut and Miss Gertrude Wagner being second couple. The march consisted of various and divers figures, ending with the letters A. T. O., described by the marching line.

The program, effective in sky-blue and old gold, with the fraternity badge embossed on the cover, was an eight-page leaflet, in vellum, and was very originally designed.

On the second page was the roll-call of the active members of the local chapter, together with the local affiliates. Prefixed to the cognomens were the nicknames of each as they are best known to their brothers. On the next two pages were the dance programs, consisting of twenty-six dances and two extras, by request

The next page was reserved for autographs, and on the next were the patronesses, as follows; Mrs. Frank Clark, Mrs. J. D. Stringfellow, Mrs. S. B. Chapin, Mrs. J. M. Farr, Mrs. H. H. McCreary, Mrs L. R. Ball, and Mrs J. W. Tench. Many inestimable favors have been received by the A. T. O.'s from these excellent women and the boys were proud to place their names on the list of patronesses.

On the next page were the names of the committee who had the dance in charge. To them all honor and credit is due for the grand achievements of success. They were as follows; J. A. Forsythe, Jr., chairman, Frank Clark, Jr., W. W Gibbs, R. S. Chapin and M. G. Stringfellow

Attached to the programs were pencils in old gold suspended by silken cords of sky-blue, the fraternity colors.

The hall was beautifully and tastefully decorated in the fraternity colors, together with ferns, hollies, cedars and palmettos. From one end to the other, and across several times, were strung pennants of various colleges and schools, making the color scheme more effective and adding the element of splendor to that of beauty. Palmettos were arranged at one end of the hall in the sunburst effect. The large Florida pennant immediately beneath the still larger fraternity banner was by no means a small item of decoration. At each end of the hall were large punch bowls filled with delicious fruit punch.

The floor was in excellent condition, and the orchestra, which came from Jacksonville, kept splendid time.

Several visiting brothers were present from various sections, among whom were Messrs. W. K. Jackson, Jr., of Inverness, G. W Alexander of Jacksonville and A. C Evans of Tallahassee, all graduates of the University of Florida and alumni of the local chapter. Mr. C R. Ashley, a University of Georgia alumni and one of the organizers of the Florida Alpha Omega Chapter, was also present from Starke.

Many visiting ladies were present, and many were the beautiful gowns worn on this occasion, a number of which were pretty designs blending the fraternity colors.

Undoubtedly the ball given by the fraternity was the most splendid seen in Gainesville in many years, and it will be an event long to be remembered by those who attended.

Will exhibit here this afternoon and tonight.

The excellent reputation left by the Sparks Shows on former visits to Gainesville would alone insure liberal patronage this time, but the lusty growth and vast improvements in the show since its last visit will make it more attractive than ever. Sparks is a man of energy and enterprise, wide experience and ample capital, and he has brought all this to bear in making his show superior to all other similar exhibitions. He has a brand new train of monster railway cars built especially for him, all new gorgeous cages, dens, costly trappings, etc. He has engaged the best talent big salaries can procure. He has expended over $40,000 in increased equipment. Every effort has been made regardless of cost to make his show satisfying to his pride and advanced ideas. That he has succeeded is amply proven by the way the newspapers speak of his exhibition wherever he has appeared. It is the universal verdict that he has now the most splendid, complete and high-class exhibition of the kind in America.

Everyone should come to town in time to see the gorgeous street parade at noon, and then follow the crowd to the show grounds and witness the big free exhibition.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alone; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one-dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and longs, is guaranteed at all druggists'. 50c and $1.00. Trial bottle free.

Chattanooga Lynching Case.

Chattanooga, Tenn., Feb. 13.—The United States supreme court is represented by special Commissioner J. D. Maher in the hearing that began here Tuesday morning in the case of Sheriff J. F. Shipp, of this county, charged with contempt of the court in that Edward Johnson, negro, was lynched in Shipp's custody nearly a year ago. There are 26 other defendants, several of whom are alleged to have taken a part in the lynching. Probably a dozen witnesses have been subpoenaed so far, some of whom will testify. Secret service men who worked up the case are very reticent as to what they expect to prove. No action was taken at the morning session.

NEWBERRY ITEMS.

Mr. and Mrs. W. H. Tucker Entertain in Honor of Miss Williams.

Newberry, Fla., Feb. 12.—C. D. May spent Thursday in Hernando.

C. A. Neil has returned from a visit to Alachua and other points.

Mrs. Ira J. Carter and baby are visiting in Gainesville.

Mr. and Mrs. S. A. Hussey, Sr., have returned to Largo, after a pleasant visit to Dr. and Mrs. S. A. Hussey, Jr.

Judge Henderson united in marriage Sunday, at the home of the bride, four miles southwest of Newberry, Miss Mary L. Dawson to Mr. J. C. Beach. The affair was very quiet, only the family being present. Their many friends wish them "bon voyage" through life.

Mr. and Mrs. W. H. Tucker entertained Friday night in honor of Miss Sarah Williams. It was one of the happiest times that has been experienced in Newberry this season, and everyone seemed to enjoy themselves to the utmost. The evening was spent in playing interesting games, of which a nice program, as it were, was made, and the time passed almost too fast. At 10 o'clock the guests were invited into the spacious dining-room, which was handsomely decorated for the occasion, where they were treated to nice refreshments, consisting of fruits, cakes, etc., and refreshing drinks. Prominent among those present were: Misses Sarah Williams, Neali Johnson, Laura Goy, Minnie Lee, Mattie Shepherd, Mollie Swindal, Ella Smith, Ola Studstill, Atlanta Studstill, Vida Hunter, Vola Siford, Winnie Siford, Antha Groff, Lizzie Avriett, Fannie Smith, Ellouise Smith, Olive Wright and Ada Pearce; Messrs. Dr. Allen, C. B. Weeks, Lucius Johnson, Gallamore, Osteen, H. J. and C. D. McGreggor, Burke, Lockhart, Kennedy, Bennie and Bedford Wetherington, Ally, Bowland, Mathews, Henry Harris; Mr. and Mrs. G. W. Livingston and Freddie Myers.

Col. Albert Trasher of Gainesville was in the city Monday.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

THINK THEY HAVE ONE OF THEM

Who Murdered Young Finley in Montgomery.

Montgomery, Ala., Feb. 13.—It Corbin Coleman, a negro, arrested Monday the police are quite sure they have at least, one of the murderers of J. A. Finley, the young man who was so cruelly and brutally assassinated Saturday night, his body being found near Cleveland avenue and Mill street.

Coleman had on a bloody shirt, and had in his possession a watch said to have been the property of Finley, when he was taken by Patrolman Swearington and Patrolman Russell in a house not far from the scene of the crime.

The negro, like the part of the city where the crime occurred, has an unsavory reputation. According to the chief of police he is known as a "roustabout" and never seems to have had any definite employment for long at a time. He is a black fellow of about 25 years of age and has made more or less trouble for some time. The last time he was in the toils of the officers it was on a charge of being a party to a mock marriage with an old woman of weak mind who had some money.

When arrested, Coleman said that he had been away from the section where the body was found and had nothing to do with it. He said that the blood on his shirt was not blood and that he had bought the watch from another negro several days ago. He contends that he had no knowledge of the crime and says he can prove that he wa snot about the place.

However, there is no explanation that seems reasonable so far for the blood stains, and Chief Taylor says that he has ascertained, from what seems good evidence, that Finley had his watch on when last seen Saturday night. It is a lady's small size, double case watch and has a chain.

There seems to be only good evidence against Coleman. There are ten others held, some of whom may be connected directly with the murder, but so far they have not been so implicated.

Child Burned to Death.

Dalton, Ga., Feb. 13.—Howard Heath, the 2½ year old son of Will Heath, was burned so severely Monday afternoon that death resulted a few hours later. The clothing of the child caught fire from the grate. Little 10-year-old Judson Manly rushed to the child and tore off the burning clothing, but was too late.

Protest Imprisonment of Men.

Waco, Tex., Feb. 13.—Mass meetings are being called by the labor councils, embodying all the labor unions in the various cities of this state, to protest against the imprisonment of Moyer, Haywood and Pettibone, who have been in prison a year in Idaho without trial. The three men were officers of the Western Miners' Federation and are charged with the murder of former Governor Steunenberg, of Idaho, a little over a year ago. Union men here allege that these men are being illegally restrained of their liberty, and that a conspiracy exists to keep them from having a trial.

Little Rock, Feb. 13.—In the Perry, county circuit court Monday, the case against Senator A. C. Gross was called. Gross, who is a hold over in the senate, is charged with accepting a bribe at the last session of the legislature. Gross did not appear, but sent a certificate from a physician that he was ill. The district attorney, however, declined to accept the excuse and forfeiture on Gross' bond was taken and a bench warrant for the senator's arrest was issued.

Senator Foraker deserves the thanks of the Texas city as the man that made Brownsville famous.

Senator Hale, as chairman of the Senate appropriation committee, always has an eye to the Maine chance.

It would be a calamity if at the next senatorial election Senator Foraker should be "discharged without honor."

Roosevelt, Tillman, Beveridge and LaFollette would be a team that would almost make the Senate an efficient body.

When the Interstate Commerce Commission hears from Chancellor Day it will wish that it could have adjourned sine die.

It is now said that the cakewalk originated ages ago in Africa. Next thing we shall be told that monkey dinners started among savages.

President Roosevelt has virtually defied the Republican members of the Senate who have attacked Secretary Hitchcock on his land reform measures, by approving his course.

Surely graft has had some hard knocks of late. But the desire to get something for nothing is mighty persistent, and its elimination from human nature may require a few more ages.

The per capita circulation of money is now at the highest point ever reached in this country, being $33 96 as compared with $31.88 a year ago and $21.41 in 1896. In 1878 it was but $15 32.

The United States Court now in session at Savannah, Ga., is after the naval stores men under the anti-trust laws. Indictments have been returned by the grand jury against many of the leading firms.

Mr. Roosevelt has announced that if the constitution of Oklahoma does not suit him he will veto it. Such a course may work justice, but Teddy should not be quite so scrappy. We thought Brownsville would be enough for a while.

The Protective Tariff League, the principal organization of the stand patters, is bent on retaliation against those countries that increase their tariff against our products. Retaliation for injuries real or imagined is hardly likely to bring people together to do business.

Another batch of land grabbers have been unearthed in California, "involving men of wealth, influence and high social standing." This will make another hole in the Republican majority in that State, so no wonder the Democrats approve the course of Secretary Hitchcock.

Frank O. Briggs has been elected Senator in place of Dryden from New Jersey. Some of the Republican members of the Legislature, although afraid to vote for Dryden, determined to stick to the corrupt Republican ring, for Briggs is chairman of the Republican State committee, which of course is part of the Dryden machine. Not much reform in this, is there?

PRINTERS' UNION.

Something of the History of the Oldest Trade Organization in the World.

The great strike in the book and job printing industry, in which the International Typographical Union of North America and the United Typothetæ of America have been pitted against each other for eighteen months, has attracted considerable attention to trade-union methods and the history of trade organizations. The International Typographical Union was formed in 1850, and has had a successful and progressive existence since that time. Previous to 1852 there were many local associations or unions of printers, and a convention of these local associations were held as early as 1834.

The International Typographical Union is recognized as a conservative organization, and this is borne out by the effort that was made by the officers of the union to peaceably adjust the eight-hour contention with the employers before the strike was entered into. This strike has been a marvel of financiering. The International Typographical Union has a membership of about forty-seven thousand, and, with the exception of about fifty thousand dollars, these forty-seven thousand members have raised by assessment more than $3,000,000 for the conduct of their strike for the eight-hour day. The assessment was at first 50 cents per week, then ten per cent of all wages earned. The ten per cent assessment was effective for nine months. It was then reduced to seven per cent, later to five per cent, and is now three per cent. The method of levying the assessment is also worthy of explanation. It was not placed by a convention, nor by the officers of the organization. The proposition was submitted to a referendum vote. The proposal to levy 50 cents per week received a majority of nearly twenty thousand votes, and the proposal to levy a ten per cent assessment received a majority of more than eighteen thousand votes.

The International Typographical Union also conducts a Home at Colorado Springs, known as the Union Printers' Home. This institution was erected and is maintained by the International Typographical Union for its aged and distressed members. Thus far the union, in erecting and carrying on this part of its philanthropic work, has expended more than five hundred thousand dollars in about twelve years' time. There are at the present time at the Union Printers' Home about one hundred and fifty inmates.

Local typographical unions also have their benefit features, such as caring for sick members, assisting those who may be temporarily out of work, and burial funds which are contributed to by all members. Along these lines thousands of dollars are expended every year.

The headquarters of the International Typographical Union are located in Indianapolis, Indiana, and the officers of the organization are continually sending out pamphlets descriptive of the Union Printers' Home and explaining the methods of the union. James M. Lynch is the present president and J. W. Bramwood secretary.

President Roosevelt's proposed onslaught on Congress for more railroad legislation has been postponed until a more propitious political occasion. The frenzied financiers threatened to bring on a rich man's panic if the President persisted in his anti corporation campaign, and he desisted. What a power Wall Street is, with its untold millions, that even Presidents of the most strenuous type fear it!

A contemporary has an editorial entitled "How to Treat Senator Tillman." But suppose the Senator, as is his custom, refuses to let anyone stand treat for him!

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Two of the hold-over Senators have died since the last session of the Legislature, and now the grim reaper has claimed one of those elected in November last—Hon. A. J. Winburn of LaFayette and Taylor counties, forming the Twelfth Senatorial District. He resided one mile south of Mayo and was one of the best known men of that section.

The proposed treaty with Santo Domingo, which has been hanging fire in the Senate for two or three years, is to be superseded by a new treaty, which will eliminate the virtual protectorate over that country and will be confined to the adjustment of the foreign debt, under the supervision of the United States.

Mr. Hanks, the President's friend who has discovered a mare's nest in the statistical department of the Inter-state Commerce Commission, has retired from his chosen field of labor and will return to "high society, high balls and golf balls," for which perhaps he is better fitted.

Phillip Maher, a stranger from New York who had been working on the extension of the East Coast Railway to Key West, was found dead in his room at the Bettilini hotel, Jacksonville, on the morning of the 11th inst. Heart failure was pronounced the cause of his death.

Gainesville is not the only city where people refuse to quietly surrender their property rights. They are having similar trouble in Jacksonville getting property owners to pay for the privilege of permitting the city to take property for street purposes.

If the man who toils fourteen hours a day wears overalls and a checkered shirt, and his wife wears a poor quality of calico, how does it happen that the fellow who never works at all wears broadcloth and his wife wears seal skin?

MARDI GRAS CELEBRATED.

New Orleans Celebrates In Typical Conventional Fashion.

New Orleans, Feb. 13.—Mardi gras was celebrated by New Orleans Tuesday in typical continental fashion. Under the bluest of skies and with the weather almost hot, the streets soon after sunrise became picturesque with thousands of gaudily masked children. The number of maskers grew steadily, hundreds of comical costumes and antics being furnished by the New Orleans negro population. Early in the forenoon business houses and stores of all description closed, and a general holiday began. About noon Rex, king of the carnival, paraded the streets, followed by 22 huge cars, representing as many different nations, the ensemble forming tableaux entitled "The Visions of Nations." The identity of Rex was revealed Monday, R. H. Downman, one of the leading lumbermen of the south, occupying this position.

Senator Forsker deserves the thanks of the Texas city as the man that made Brownsville famous.

Senator Hale, as chairman of the Senate appropriation committee, always has an eye to the Maine chance.

It would be a calamity if at the next senatorial election Senator Foraker should be "discharged without honor."

Roosevelt, Tillman, Beveridge and LaFollette would be a team that would almost make the Senate an efficient body.

PRINTERS' UNION.

Something of the History of the Oldest Trade Organization in the World.

The great strike in the book and job printing industry, in which the International Typographical Union of North America and the United Typotheta of America have been pitted against each other for eighteen months, has attracted considerable attention to trade-union methods and the history of trade organizations. The International Typographical Union was formed in 1850, and has had a successful and progressive existence since that time. Previous to 1852 there were many local associations or unions of printers, and a convention of these local associations were held as early as 1834.

The International Typographical Union is recognized as a conservative organization, and this is borne out by the effort that was made by the officers of the union to peaceably adjust the eight-hour contention with the employers before the strike was entered into. This strike has been a marvel of financiering. The International Typographical Union has a membership of about forty-seven thousand, and, with the exception of about fifty thousand dollars, these forty-seven thousand members have raised by assessment more than $3,000,000 for the conduct of their strike for the eight-hour day. The assessment was at first 50 cents per week, then ten per cent of all wages earned. The ten per cent assessment was effective for nine months. It was then reduced to seven per cent, later to five per cent, and is now three per cent. The method of levying the assessment is also worthy of explanation. It was not placed by a convention, nor by the officers of the organization. The proposition was submitted to a referendum vote, and the proposal to levy the assessment received [illegible] thousand votes in favor of the levy.

There seems to be conflicting reports regarding the cause of the team's fright on Monday afternoon, when the team ran away, causing the serious injury to Road Overseer Thigpin. Some of those who witnessed the accident stated that the team became frightened at an automobile, while the occupants of the machine state that this was not the cause of the team running away, as the automobile was not running at the time the mules passed, but was standing still in or near the court at the Gainesville and Gulf depot.

Without exaggeration, the production of "Faust" given by the Labadie Company at the opera house last evening was one of the best ever seen in our city. Mary Van Tromp-Labadie as Marguerite carried off the honors easily. Her portrayal of Goethe's immortal character was as finished as any the stage affords today. Hubert Labadie as Mephisto sustained the part evenly and well. The scenery was all special. The electrical effects were particularly good.—Hornellsville (N. Y.) Daily. This excellent play will be produced at the opera house this evening. Secure your seats at Miller's.
